

PARTICIPATION POINTS POLICY

8 Week Season **times** 7 Games per Week **times** 3 PP per Game = **168 Participation Points**
 168 Participation Points **divided by** 14 teams = **12 Participation Points per Team**

- Each team will be assigned to keep score + stats for 4 games. Each game is worth 3 points.
- Each game that an assigned team misses will result in a 3 point penalty. This penalty will carry forward to each playoff game that the team competes in. For example, a team that fails to complete score + stats for 2 out of 4 assigned games will be assessed a 6 point penalty for each playoff game it plays.
- Generally speaking, each game requires 3 volunteers to perform the following tasks:
 - **Volunteer 1:** Score – keep track of score and time
 - **Volunteer 2:** Stats – keep track personal fouls, team fouls, technical fouls, and timeouts for Team 1
 - **Volunteer 3:** Stats – keep track personal fouls, team fouls, technical fouls, and timeouts for Team 2
 - If scheduled as such, **additional volunteer** will need to record Game of the Week (camera will be available)
 - **Volunteers** will need to ensure that all Guest Passes sign-in (sign-in sheet will be available)
- If a team is assigned a specific game in which they cannot keep stats, it's their responsibility to find another team that can cover for them. They **MUST** take on one of the remaining games the other team was assigned to in order to complete their 12 points.
- At least one of the volunteers needs to be a member of the assigned team. The other volunteers may be friends or even members of a different team.

As we enter our 7th season for Muslim Basketball, we will be taking participation very seriously. The success of our leagues in the past has been first and foremost from the blessings of Allah and then a collective effort on all members to chip in. As we continue to grow as an organization, we need your help to make all of this possible. Many people have suggested over the years to hire score keepers. However, this will only increase costs and we feel that we have a dedicated group of members who will volunteer their time. If captains divide up the participation time, each player is asked to only dedicate one hour of his time throughout the entire season. InshaAllah we look forward for your cooperation and hope for another successful season.

Jazakum Allah Khair,
 Muslim Basketball Organizers
